# KAYAK RULES 2024

- Storage of kayaks under the pier is offered as a courtesy and is limited to one kayak per homeowner and is subject to availability.
- Kayaks must be registered on annual basis and display the HOA registration sticker. Registration Forms are available at the Gatehouse or on the HOA website and must be updated annually each January.
- Kayaks may be stored under the Pier throughout the year except when there is a hurricane alert. At such time all kayaks must be removed immediately. If a kayak is not removed in a timely manner it will be removed at a cost to the owner of \$100. If you will be absent from The Estuary during hurricane season for an extended period of time you must remove the kayak prior to your departure.
- Only residents of the Estuary may store kayaks at the pier.
- Kayaks must be stored only in the designated area under the pier above the mean high tide line and in an inverted position as to not hold rainwater. Note: Self-bailing kayaks are permitted to be stored in an upright position.
- Any Kayak secured or affixed to the pier structure with a lock, must use a combination lock. The combination must be listed on the registration form. No key locks are permitted.
- Owners will forfeit their right to store kayaks under the Pier for twelve months for any violation of the above rules.
- Kayaks whose owners fail to abide by these rules are subject to removal and disposal by the Association at a cost to the owner of \$100.
